### Additional Succot Guidelines by Rabbi Kenigsberg

- The earliest time for candle lighting on Friday is **5.25pm** and no later than **6.19pm**. A **2-day candle** should also be lit.
- Kiddush should not take place before nightfall at **7.22pm**.
- If it is raining on first night Succot:
- If it seems the rain may stop, one should wait an hour or two for it to subside in order recite a full Kiddush and eat in the succah.
- However, if members of the household are hungry and/or tired and waiting will unduly disturb the enjoyment of Yom Tov then one is not required to wait. In such a case or if the rain appears steady and likely to continue throughout the night, one should make Kiddush (without the bracha of Leishev baSuccah) and eat a k'zayis of bread in the succah. The rest of the meal can continue in the house.
- If one has an opportunity to eat in the succah after the rain stops, then it is preferable to return to the succah, recite the bracha of Leishev BaSuccah and eat a k'beitzah of bread.
- **The 4 minim are not taken on the 1st day of Succot this year, as it falls on Shabbat.**
- Shacharit will begin from "R' Yishmael omer" and Pesukei deZimra will be said in shul as usual. Full Hallel is recited each day of Succot (including Chol Hamoed).
- Hoshanot will be recited immediately after Hallel, in a socially distanced manner.
- No work or preparation may be done for the second day before nightfall at **7.21pm**. Candles should also be lit from this time (but not before) from a **pre-existing flame**.
- Kiddush for the second night includes the brachot of **Meorei Ha'Eish, Havdalah** (from Shabbat to Yom Tov), **Shehecheyanu** (there is no requirement to have a new fruit) and **Leishev baSuccah**.
- If it is raining on the second night one is not required to make Kiddush in the succah. However, if the rain stops it is proper to go and eat a k'beitzah of bread in the succah (and recite the bracha Leishev baSuccah)
- Yom Tov goes out on Sunday night at **7.19pm**. Only the brachot of Borei Pri HaGafen and HaMavdil are said at Havdalah, which should be recited in the Succah.
- Yaaleh veYavo is added into the Amidah and Birkat Hamazon for the entirety of Succot, including Chol Hamoed.
- **Further guidelines for Shemini Atzeret and Simchat Torah will be sent out by email and WhatsApp next week.**
