### THE 3-T PROJECT 2.0

Thanks to the wonderful Magen Avot community, the first instalment of The 3-T Project was a great success. But there is much still to be done during these winter days which are in some ways even darker.

We are therefore excited to launch 3-T 2.0, running from now up until Pesach, focusing on the 3 pillars of **Torah Learning, Chessed and Tzedaka.**

More information will be provided in the coming weeks; watch this space. We have shown that together we can make the world a better place, so please get involved!

#### INITIATIVES

##### Learning

**Communal learning of Gemara Pesachim**

Coinciding with the commencement of Masechet Pesachim in the Daf Yomi cycle, we will be launching a communal learning of the tractate, culminating in a Siyum for all on erev Pesach. We will make plenty of resources and support available - so whatever your background, please sign up at [tinyurl.com/MAPesachim](http://tinyurl.com/MAPesachim).

##### Chessed

**Initiatives supporting our Jewish community**

We are developing a programme to support our local London Jewish community, similar to the original 3-T programme. More details to follow.
