Following the terror attacks over the weekend and the ongoing situation we want to assure you that our security guard Atanas has been briefed and is on the highest alert. A security reminder was issued to Atanas refreshing him on the main security procedures. Our security firm is in close contact with the CST and Police, and they will continue to do so in the upcoming weeks. There is increased supervision across all sites and any incidents or suspicious activity will be immediately reported to the firm and the CST by Atanas and of course, we will be informed. Please remember to listen to any instructions Atanas gives out during our time onsite as he is doing it for our safety and wellbeing.
