"We Won't Stop" Campaign

Last week the campaign focused on highlighting the failures of the Red Cross to do their duties in monitoring the hostages. This week has a different focus. We are highlighting the plight and needs of two of the known hostages. We have a dedicated website page for members to download all materials required for the campaign headed up by Marc Ovits here: <https://magenavot.com/content/hostage-release-campaign>. It has been updated to include a specimen letter "Email - Letter 2 to your MP.docx" for people to send out to their MP asking their MP to step up and ask the Government to find a way to communicate with Hamas such that the basic and specific medical needs of the hostages can be met. In addition, there is further information attached in the document: "Letter penned by Mr. Meir-Jan's ocular surgeon.docx". Please feel free to further engage with this campaign and share/redistribute this post with any of your friends. Thank you for your help in advance. Marc Ovits.
